

# Innovative New trailer hubs

## Introducing the ultimate trailer hub from Webb Wheel Products

- New patent pending hub designs are direct replacements for all 2023 and 2343 applications
- 10-pilot design radially aligned with studs – decreases non-concentric mounting
- Optional oil fill plug angled for convenient accessibility after wheel installation
- Light weight ductile iron hub while maintaining 25K GAWR  
(TN hub offers 14lbs savings per tandem axle trailer over previous design)
- Made in the USA
