SERVICE BULLETIN (NO. 11)
(NOTICE OF OBSOLESCENCE)

3022

(3 SPOKE — 22" DRIVE WHEEL)

Because of a decline in sales and pattern condition, we have decided to obsolete the above drive wheel when our present inventory is depleted.

Our 3662 (6 spoke drive wheel) can be used in place of the 3022 for original equipment or replacement.

The following interchanges are shown in our current Wheel and Hub Catalog TBTW1285. Please use 3662 in lieu of 3022 on these interchanges.
