8522 Spoke Wheel

Upon depletion of inventory, the 8522 spoke will become obsolete with no direct replacement. We do however recommend a replacement: the 10-stud 1221 hub. This requires changing brake drums, changing to a disc hub, and changing to disc wheels instead of demountable rims. If you have any questions, please contact the Webb Engineering department via email to engineering@webbwheel.com or call 256-736-6356.
