

SERVICE BULLETIN #132

4/30/2015

Assembly Consolidation

Effective immediately, Webb Wheel is consolidating all loose hubs and low volume assemblies. These loose hubs and assemblies will continue to be offered as service assemblies, however some will require the studs and fastening hardware (if applicable) to be ordered separately. A comprehensive list is included with this document detailing the assembly order code which has been discontinued, the new ordering code, and the corresponding stud and drum/rotor (if applicable) for the obsolete assembly. If you have any questions, please contact the Webb Engineering department via email to engineering@webbwheel.com or call (256)739-6660.
