SERVICE BULLETIN (No. 27)

INNER CAP NUTS

Attached is a copy of our recent press release which announced a change in our current standard inner cap nut used with steel disc wheels.

This change as stated in the release will take place in May of this year. The change in part numbers will be as follows:

Current Standard

107080-RH

107091-LH

New Standard

107082-RH

107083-LH

The new standard cap nuts will be yellow dichromate in color and will have an "R8" or L8" stamped in the square end for thread and grade identification.

Assembly part numbers and order codes will not change with the new capnuts.
