## **SERVICE BULLETIN (No. 34)**

### **Subject: 62240 Brake Drum**

A revision is in process to change our 62240 Brake Drum from single drilled (5 holes @ .78) to a double drilled drum (5 and 6 holes @ .78).

This change will eliminate the need for our 61729 Brake Drum, which will become obsolete when current inventory is depleted.

Please change our current Brake Drum Catalog TB793BD to reflect the following interchanges as interchanging with our 62240 in lieu of our 61729.
