SERVICE BULLETIN NO. 48

Anti-skid Braking Systems

As you may be aware, there have been Webb products available for ABS applications for some time.

With implementation of the mandated laws on ABS, we feel it necessary to advise the adaptability of our complete product line with regard to ABS applications.

The purpose of this bulletin is to advise of those Spoke Wheels and Hubs that are not ABS adaptable and which we **will not** supply for ABS applications.

The balance of our Spoke Wheel and Hub product line is adaptable to ABS applications if required. The ABS teeth necessary will be furnished by use of a Tone Ring or our new Direct Machined ABS Teeth depending upon the Spoke Wheel or Hub required.

Spoke Wheel/Hub Part Number	Option if ABS is Required
1001	Use 2023 Hub.
5520	None
6375	None
7000	To be replaced by new Spoke Wheel #7015. Estimated availability late 1997.
7315	To be replaced by new Spoke Wheel #7015. Estimated availability late 1997.
7320	Use 7520 or 7620.
7510	Use 7320 or 7620 with clamps for single wheel applications.
7522	Use 7322 or 7622.
8315	Use 1251 Hubs.
8320	Use 1220 or 1221 Hubs.
8322	Use 1220 or 1221 Hubs.
8520	Use 1220 or 1221 Hubs.
8522	Use 1220 or 1221 Hubs.
2521 (Aluminum)	Use 2523 Ferrous Hub.

Should you have any questions regarding the above, please feel free to contact our Sales or Engineering Department.
