

# Cool... Very Cool.

## WEBB VORTEX<sup>®</sup> UNLIMITED

NOW FEATURING

*NEW patented CRT™ vents increase air-flow to further reduce operating temperatures*

*Patented wear indicator saves time and helps you get maximum life from your drum to cut maintenance cost*

## **NEW Webb Vortex<sup>®</sup> Unlimited runs cooler for better braking performance and 25% longer life!**

- NEW patented CRT™ vents (Cool Running Technology) increase air-flow for superior heat transfer efficiency and 15% cooler operating temperatures
- Patented design provides more surface area for improved heat dissipation
- NEW patented wear indicator takes the guesswork out of repairs to save labor time and money
- Cooler temperatures mean longer brake and lining life for lower maintenance costs
- The ultimate low-temperature, long-life brake drum
- Made in the USA

## The ultimate low-temperature, long life brake drum

Everybody in this business knows that brakes work better and last longer at cooler temperatures. That's why Webb engineers focus on the two-fold mission of cutting weight and improving heat transfer efficiency. The result... Webb Vortex<sup>®</sup> Unlimited.

The patented Webb Vortex<sup>®</sup> Unlimited brake drum employs external cooling ribs that conduct heat away from the brake surface for superior heat dissipation and 15% lower operating temperatures.

Running significantly lower temperatures than ordinary drums, Webb Vortex<sup>®</sup> Unlimited performs better and lasts 25% longer. Plus, the new patented Wear Indicator reduces maintenance costs by taking the guesswork out of wear measurements.

Webb Vortex<sup>®</sup> Unlimited... **the ultimate low-temperature, long-life solution.**

*These photos taken from an infra-red camera mounted on the Webb dyno show a Webb Vortex<sup>®</sup> Unlimited drum next to a standard drum at precisely the same moment during braking. Compare the heat (red color) and you can actually see that Webb Vortex<sup>®</sup> Unlimited brake drums run significantly cooler.*
